

Base Station Antenna Side Mounting Kits:

Heavy duty side mount kits include all brackets, clamps and hardware to mount antenna to tower leg. The main support pieces are fabricated of galvanized steel, and the stainless steel V-bolts (supplied) fit round tower members 1.25" to 3" (31.8 to 76.2 mm) O.D., angular members to 2" (50.8 mm) 90° or 2.6" (66.04 mm) 60°.

DB5001 Side Mounting Kit:

For DB222, DB224, and DB264. Includes top sway brace. Use DB5001 for 3" (76.2 mm) tower members, DB5001-SP5 for 5" (127 mm) tower members, and DB5001-SP7 for 7" (178 mm) tower members.

Net weight – lbs. (kg) 21 (9.5)
Shipping weight – lbs. (kg) 23 (10.45)

DB5004 Adjustable Side Mounting Kit:

For DB809, DB810, and DB812 antennas. Use to mount all metal mast antennas 2' (0.61 m) to 8' (2.44 m) away from side of tower measuring 2' (0.61 m) to 8' (2.44 m) across the face. Two 10' sections of pipe and six clamp assemblies included. Clamp assemblies are for 3" (76.2 mm) tower member. Use DB5004-5 for 5" (127 mm) tower members.

Net weight – lbs. (kg) 123 (55.9)
Shipping weight – lbs. (kg) 130 (59.1)

DB5004-3 Three Pipe Side Mounting Kit:

Same as the DB5004 except that it mounts three pipes across the face of the tower. Includes nine clamp assemblies. Use DB5004-3-3 clamp assemblies for 3" (76.2 mm) tower members and DB5004-3-5 for 5" (127 mm) tower members.

	DB5004-3-3	DB5004-3-5
Net weight – lbs. (kg)	185 (84)	191 (87)
Shipping weight – lbs. (kg)	195 (89)	206 (94)

DB5004S-MTD™ Fiberglass Outrigger Assembly:

Can be used on any large side-mounted MTD™ fiberglass radome to limit tip deflection in high winds, including DB616, DB638, DB809, DB810 and DB812. Opening is 3.75" (95 mm). The outrigger is 123" (3.1 m) in length x 3" (76.2 mm) in diameter. Brace the outrigger to the tower legs via one set of DB375 clamps. A plastic end, fitted with neoprene lining, slips over the top of the antenna and sits about midpoint on the radome.

DB5007 Side Mounting Kit:

For DB404, DB580, DB803 and DB806. Bottom brace only, for 3" (76.2 mm) tower member.

Net weight – lbs. (kg) 11 (5.00)
Shipping weight – lbs. (kg) 13 (5.91)
