

● **DB5098**  
Downtilt  
Mounting Kit

● **DB390**  
Pipe Mounting Kit

#### **DB390 Pipe Mounting Kit:**

Standard galvanized steel pipe mount supplied with each antenna, fits pipe sizes 1.25" to 4.25" (31.8 to 108 mm) in diameter. For longer antennas with 3 point brackets, order DB390-3.

#### **DB5094-AZ Variable Azimuth Wall Mounting Kit:**

Optional brackets for wall mounting provide azimuth rotation from +45° to -45°, minimizing required clearance from the wall.

#### **DB5098 Downtilt Mounting Kit:**

The DB5098 kit includes a galvanized steel downtilt assembly, an aluminum angle indicator assembly, and associated hardware. The aluminum angle indicator assembly has a built-in angle guide to help determine downtilt angles. For special applications requiring more downtilt, order DB5099. For antennas with 3 point brackets, order DB5098-3.

#### **600691A-2 Downtilt Mounting Kit:**

Downtilt mounting kit for UMWD 65°/90°, PCS, and UMW series antennas. Designed to fit 1.7" (42mm) to 4.5" (114mm) O.D. pipe.

#### **D000-0004-0000 Downtilt Mounting Kit:**

Downtilt mounting kit is suitable for mounting D210 series antennas onto a 1.8" (48mm) to 6.1" (155mm) O.D. pipe.

#### **602030A High Environment Mounting Kit:**

Downtilt mounting kit for PCS, UMW, and UMWD 65°/90° series antennas. Designed to fit 2" (42mm) to 4.5" (114mm) O.D. pipe.

#### **601860A Optional Fixed Mounting Kit:**

Fixed mounting kit for PCS, UMW, and UMWD 65°/90° series antennas. Designed to fit 1.7" (42mm) to 4.5" (114mm) O.D. pipe.

#### **1800TREEKIT Mounting Kit:**

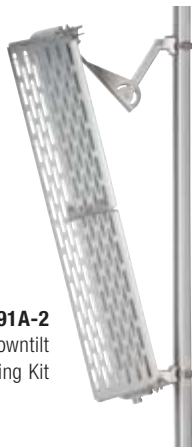

Optional mounting kit mounts multiple antennas to a single pole or stand. Order one kit for each antenna. Fits 2.5" or 3" O.D. pole.
